

Founded in 1981, *Special Needs Arts Programs, Inc.* (SNAP) provides people with developmental disabilities opportunities that celebrate each person's unique abilities while cultivating creative expression, building peer relationships, and fostering self-esteem through life-enhancing activities in the arts.

### ***SPECIAL ARTISTS***

Special Artists brings together individuals with developmental disabilities to work on art projects. Participants work at their own pace in a supportive and fun environment, emphasizing creativity and friendship. Special Artists work on different projects each session and activities can include watercolor/acrylic painting, fabric painting, wood projects, and multi-media art. The program meets for a Fall and Spring session. Special exhibits are planned to showcase the talent and achievements of our artists.

*"I love the art class because I get to see my friends and chat w/ them I hope Lydia is our teacher again she the best teacher in the world! I would give the art class number 1." - Rebecca*
