

Is R4R for You?

Parents and caregivers should ask themselves the following:

- Does your student have some level of fine motor control and coordination?
- Does your student have some ability to store and recall information from one lesson to another?
- Does your student have some ability to follow directions?
- Does your student have some ability to behave appropriately in a group setting?

If you answered "Yes" to all of these questions, then Reach 4 Real is for you!

More Information:

Reach 4 Real classes are available throughout the state of Massachusetts at our Real School locations and onsite at our clients facilities.

\$200/8 Week Session
\$25/Class

Classes are one hour in length and held weekly.

All classes are adaptable for non-verbal students through visuals and iPad communication devices. Classes are also **INCLUSIVE** for siblings of all abilities who would like to join for a discounted rate.

*** Pre-Registration Is Required ***

What is Reach 4 Real?

Reach 4 Real delivers adaptive music programs and musical theater classes designed specifically for people with developmental and intellectual disabilities. The goal of **Reach 4 Real** is to enhance the life experience of people with needs through music enrichment.

Philosophy

We offer affordable, inclusive music and theater programs to a variety of age groups. In addition to regularly scheduled classes at our own school locations, we also specialize in classes delivered onsite at our clients' facilities. All programs culminate in live performance opportunities for all participants.

Students will...

- Collaborate to write songs in a pop/musical theater style, and then stage, choreograph, and deliver an exciting live performance for friends, family, and the general public.
- Other aspects of the class include physical and vocal warm-ups, theatre games, and cool downs celebrating successes of the day.

Students Who Can Benefit From Adaptive Group Music Classes.

Those with...

- ✓ Autism Spectrum Disorders
- ✓ Non-Verbal Learning Disorders
- ✓ Down Syndrome
- ✓ Tourette's Syndrome
- ✓ Williams Syndrome
- ✓ Sensory Integration Disorder
- ✓ Other Moderate to High-Functioning Developmental Disabilities
- ✓ Those with Visual or Hearing Impairments

Each member of our CORI-checked faculty brings previous experience working with people with needs, as well as a passion for the success of adaptive music education.
